

**2018 Putnam County Fair Demolition Derby
"Official" Stock Class Rules 2018"**

- 1. All cars must be 1980 or newer.**
- 2. All cars must remove windshield, and must have a safety bar or chain across windshield opening top to bottom.**
- 3. All glass, plastic bumpers lights and grills must be removed, and the inside the car and trunk must be swept clean.**
- 4. DOT approved tires must be original size for the make and model of the car and no doubled tires.**
- 5. Hood and trunk must open for inspection. Hood and trunk lid must have 12in hole. After inspection they can be tied shut in 6 places with wire or chain, also recommend tie the bumper heavily in 2 places to prevent them from falling off on the track and they can be tied before inspection.**
- 6. No Bumper Swaps. All must run the original bumper to the make and model of your car. No Welding. Recommended to tie them on in two places to prevent them from falling off and prevents us from having to stop the derby to remove them.**
- 7. Doors can be tied in up to six places with chain or wire. They must not come open during the derby.**
- 8. Gas tanks in V8 cars must be moved inside the car. They must be secure with absolutely no wiggle or movement, ratchet straps work well. Front Wheel Drives can leave gas tank in original location IF its mounted under the car between the front and rear axles, and if its behind the rear axle it must be moved.**
- 9. No welding on body or frame anywhere. No pre-bending. No modified suspension. Up to a four point cage will be allowed. Door bar and dash bar cannot be closer than six in to the floor must be inside the passenger compartment only inside the doors or any other body panels will not run. Minimum cage for safety only .**
- 10. No aftermarket parts. Must run factory shifter. A hole with a #9 wire attached to the linkage will be allowed but NO aftermarket or custom fabricated shifters allowed. No protectors of any kind allowed in drive train.**
- 11. Exhaust must be stock to car, absolutely no aftermarket headers. Tail pipe can be cut and moved.**
- 12. This is back to basics pure stock demolition derby, if you spend more than a weekend building its probably over built.**
- 13. Most important call before you build, some rules may change 931 349 5368, no answer please then leave message or text, I work many hours and will get back as soon as possible -- Thanks Matt Groover, Promoter and Chair, Putnam County Fair Demolition Derby.**
